901model

ENVIRONMENTAL SUSTAINABILITY

The BOX Seat's unique geometry and compact rotation system supports reduced raw material usage. The design structure promotes deconstruction and component replaceability. All materials are recyclable promoting conservation and environmental awareness. The BOX Seat is subject to multiple International Patent & Design Registrations.

The BOX Seat 901model is the budget tip-up seating solution for your general spectator requirements.

This economical tip-up stadium seat utilises the same unique rail system as all of The BOX Seat models,

making it easy to upgrade your stadium in the future, or use the other models from the range for Members and VIP seating.

The BOX Seat 901 has a set of optional quick fix armrests and cupholders.

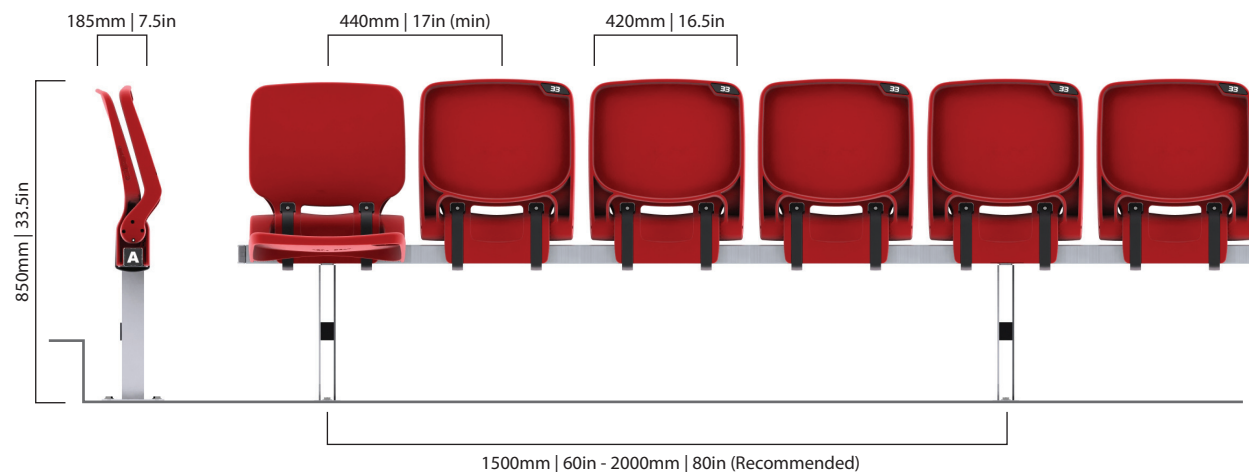

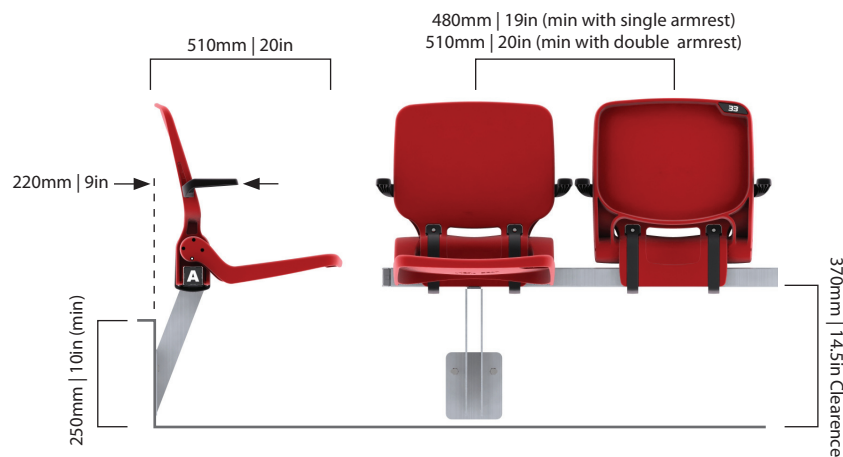

The BOX Seat 901 model is an all polymer soft action tip-up stadium seat designed to integrate into The BOX Seat product range as an entry level economical solution.

The Box Seat range enables a venue to be fitted with the one seating system, saving installation costs, reducing maintenance and allowing seat interchangeability at any time.

The BOX Seat 901 model comes with:

- Seat and Back come with a 5 year UV resistance colour certificate.
- Components moulded using recognised quality polymers.
- All materials are UV & FR rated as required.
- Compact seat width for high volume installation.
- Strength and Durability tested.
- TBS rail available in Galvanised or Powdercoated.
- TBS rail system for upgradeability.
- Riser mount & Tread mount options.
- Lens protected numbering system.
- Soft action tip-up mechanism.
- Armrest & Cupholder Accessories.
- Budget entry level pricing.

Standard plastic colour selection:
